Police investigate sexual assault

Student notifies police about assault that occurred near campus

North Becker

Assistant News Editor

Kirksville police are investigat- ing the sexual assault of a 19- year-old female Truman student at an off-campus residence that occurred about two weeks ago. The student said the police have an individual of interest, but they have not arrested him.

The incident occurred Feb. 10th at about 12:45 a.m., when the suspect reportedly entered a residence, went into the bedroom, and assaulted the victim into the late night of Feb. 10th. It could have been early Sunday morning.

“I couldn’t say for certain the sexual assault because I didn’t witness the assault happen,” the student said. “I just know that he had done it at some point that I was aware of, and that it happened in the bedroom, and that the victim had a pretty serious relationship.”

Regardless, neither alcohol nor alcohol might not have played a role in the assault. Hughes said that after the investiga- tion, no one will see any out-

ing, but (the presence of alcohol or drugs) is not a focus of the current investigation. Hughes said that after the investigation, we will not rule anyone out.

Heather Rohn, head teacher for the Child Develop- ment Services closed the lab and.

Luk said. “Everyone in Brewer and involved in that incident,” Samoj- dence Ll., at 110 N. W. Hunnicutt Rd., in Kirksville, reported K-252 and another at 157 S. W. Main St., also in Kirksville, reported K-277. In both instances, the calls were prompted by a possible student of marijuana from a residence on the campus.

“The security cable for the video camera is not in use yet; therefore, the cables, even the new ones, were taken into use,” Luk said. He has been charged with possession of drug parapher- nalia and possession of less than 15 pounds of regulary.
