As the health and exercise science department looks toward the future, it continues the search for a commissioner after the Missouri Higher Education Board to appoint a successor to the commissioner. Former University president submits resignation to MOHELA board

Former University President David R. Davis submitted his resignation to the MOHELA board Wednesday afternoon, with plans to resign officially next Wednesday, Aug. 2, 2006. Davis worked at the University since 1987 and served as President from 1990 to 2005.

"We were also encouraging the Higher Education to appoint an interim commissioner," said Davis. "In the interim, President Lantz will serve as commissioner until the position is filled." Lantz said she expects to begin her role as interim commissioner immediately.

Friday. Corporate of Health and Exercise Science, said the department has taken precautions to prevent outbreaks. Davis had formerly served as commissioner of the Kirksville and Truman communities, served as assistant dean of health and exercise sciences, and worked as a professor of health and exercise sciences.

"It is important to prevent outbreaks, and our department has been proactive in doing so," said Davis. "We have implemented several measures to prevent outbreaks, and we are taking additional precautions to ensure that these outbreaks do not happen again.

Fontaine Piper’s lasting contribution to Missouri State University is on the horizon as the university will host a naming ceremony and a dedication ceremony for the Campus Activity Building.

"Fontaine Piper retired June 30, 2005, after 34 years of service at Missouri State University," said McClinton. "He served as Assistant Dean of the Health and Exercise Science Department and worked as a professor of health and exercise sciences.

"The university has been working towards dedicating the C.A.B. for years," said McClinton. "We were excited to have Fontaine Piper join us for the dedication ceremony, as he was a significant contributor to the university.
