President Senate urges students to attend Homecoming events

Dear Student,

The Homecoming Committee has just announced plans for this year's Homecoming events. It appears that you are not interested in attending any of these events. Our advice is to consider attending the Homecoming dance this year. It would be a great opportunity to meet new people and have a good time. We hope that you will consider attending.

Sincerely,

Our View's support for free speech zone based on unassailable reasoning

In our View the proposal created a lot of controversy. Some people thought that the free speech zone was a good idea because it provided a place for students to express their views. Others thought that it was a bad idea because it allowed for the spread of obscene literature and speech. We believe that the proposal was a good idea because it protected the right of students to express their views. We hope that the proposal will be implemented.

Sincerely,

U.S. 63 bypass would hurt local community

Dear Editor,

I am writing to express my concern about the proposed U.S. 63 bypass. I believe that this bypass would be detrimental to the local community. The bypass would bypass Moberly, which is a city located in the heart of the Moberly area. Moberly is a city that has a lot of history and culture, and it is important to protect this city.

I believe that the bypass would hurt local businesses. Many of the businesses in Moberly are located in the city center, and the bypass would bypass these businesses. This would hurt local businesses and make it more difficult for them to survive.

I also believe that the bypass would hurt local residents. Many of the residents in Moberly are located in the city center, and the bypass would bypass these residents. This would hurt local residents and make it more difficult for them to access local businesses.

I urge you to consider the impact of the bypass on local businesses and residents before making a decision. I believe that the bypass would be detrimental to the local community and I urge you to find another solution.

Sincerely,
