Career Center should promote more interest in Graduate School Week

Alex Hayden

A huge event this week is the Truman Career Center’s Grad Fair. What does a student get out of the Grad Fair? It is a chance to meet representatives from graduate schools such as University of Missouri-Columbia and Des Moines University, and find out what grad school is really about.

Truman kicked off registration this Monday in the Student Center at 9 a.m. Students go to the Student Center, print out the information and fill in the forms required for any grad school they plan to apply to. This year, the Grad Fair has been moved to the Student Center. This gives students a chance to meet representatives from more than 100 different programs.

The Grad Fair is scheduled for 9 a.m. to 4 p.m. on Thursday, Oct. 25.

Little investment but great returns

Career should promote more interest in Graduate School Week

Welcome them with open arms.

I would beat them off with a large stick.

Would you unleash them on Wal-Mart.

Consult Brother Jett.

Matt John

The Student Organization Center is a group of environmentally friendly organizations. A group called the Student
