

# 11 Things to do before graduation in 2011

1. Go to the train bridge. Ask an upper-classman for more information.
2. Take a fun class as an elective. Pick one that sounds interesting to you.

3. Go to Leisure World as an evening activity and enjoy bowling and roller skating all under one roof.

4. Get involved. The only way to get the full Truman experience is to take part in campus organizations. Be sure not to overwhelm yourself, though.
5. Kiss your significant other in the sunken garden. Legend says that whomever you kiss there will be the one you marry, and you'll live happily ever after.
6. Yell something from the echo spot outside of Kirk Building. Stand in the smallest point of the brick semi-circle and face the health center.
7. Shop in downtown Kirksville. You're guaranteed to find unique gifts and quality vintage pieces.

8. Attend an October Halloween tour, led by Missouri Hall director Zac Burden. Learn about hauntings on campus as he guides students through paranormal hot spots, including Charlotte's haunted chair in Grim Hall.
9. Go to Thousand Hills State Park. You can fish, boat, hike, camp and eat dinner in the dining lodge. Go there as a mini-vacation from schoolyear stress.
10. Pull an all-nighter playing board games with your housemates in the hall lounge.
11. Eat at Pancake City late at night. It's cheap, fattening and delicious!
