Interview by Cheryl Brown Staff Reporter

Last Thursday, author and commentator Taki Tally spoke at the University on the subject of how women are exploited by men. Tally spoke at the Staff Reporter, where she discussed her own experiences as a businesswoman and how those experiences led her to write her book, an environmentalist and feminist book called "Women's Rights, Men's Rights." Tally spoke about the importance of women's rights and how they affect everybody. Tally's talk was followed by a Q&A session with the audience.

Author speaks out about women's rights

The most important issue that affects women is the same that affects everybody — money and health and happiness. Taki Tally Author and environmentalist

In her book, Tally writes about the experiences of women in different situations and how they are affected by the gender disparity. Tally believes that women are often treated unfairly and that they are not given the same opportunities as men. She also discusses the importance of women's rights and how they affect society as a whole.
