CDBG grant on his behalf.

The city will provide $2,500 worth of in-kind services.

The developer will contribute $562,751 and the city will provide $12,000 in federal assistance.

The city has requested $12,000 in federal CDBG grant money.

Macomber said that under the DREAM initiative, the city will receive a CDBG grant.

The Cochran building contractor is Mari Macomber.

The DREAM initiative is a federal program that provides grants to cities for economic development.

“In a study conducted by the community services department, some of these communities throughout Missouri were found to be under served when it comes to city property,” Macomber said.

“In a study conducted by the community services department, some of these communities throughout Missouri were found to be under served when it comes to city property,” Macomber said.

It was found that these city municipalities that have passed such ordinances into law have seen a decrease in crime and an increase in economic development.

“We think it’s a good idea to expand the DREAM initiative,” Macomber said.
