Kirkville High School student Marcus Creutzfeldt, 16, skates in the parking lot next to the skate shop Wood Pushers.

Local Kirksville skateboarders have grinded their way to victory.

Marked 89.7 FM, which is more closely affiliated with Dobson than anything, has been using "Radio 107.5" until the members can decide what to call it.

"The station is more of a club than anything. We're just a group of kids who love music. Music is our drug," Matt Gowin said.

Gowin, who is the new public relations manager for 107.5 FM, said that overall, he loves the new location.

"We're in an air-conditioned part of Ryle, and the space is bigger," Gowin said.

"On clear nights, when the weather is good, people like to sit outside," Raine said. "We're just a group of kids who love music. The station has a limited range — available on 107.5 FM on the first floor of Dobson, but the second floor of Ryle, but the fourth floor of Dobson," Raine said.

"They've been having their door open, and you can hear the music in the lounge and outside the cafeteria, so that's been fantastic," Gowin said. "They've been having their door open, and you can hear the music in the lounge and outside the cafeteria, so that's been fantastic," Gowin said.
