Roller hockey starts semester 2-0-1

Bulldogs earn first undefeated weekend of season
BY JACK NICOLL
Sports Editor

The roller hockey team returned from a 3-week liquid diet to begin the first weekend of the season last weekend. The Bulldogs went 2-0-1 for their first undefeated weekend of the season, with wins against St. Louis College of Pharmacy and Washington University and a tie against Missouri University of Science and Technology. The Bulldogs went 5-2 in the first five weekends of play this season, one of their deficits available for the IAT and OOP games at the time of publication. However, Pecher said the most important aspect of last weekend was not the fact that they were 2-0-1 but the fact that they were competitive in every game. The team is happy with the outcome of their dates, and Pecher said that they will continue to work hard to improve their performance in future games.

At the age of 35, senior goalie Kohlman made his third start of the season, and he was instrumental in the Bulldogs' victory over Washington University. Kohlman made 36 saves in the game, setting a new season-high for saves in a single game. The Bulldogs' defense was also strong, with 26 saves from senior goalie Rohne. The defense played well, with Rohne allowing only one goal on 26 shots. The Bulldogs' offense was also effective, with 25 regular season goals scored. However, Pecher said that the team needs to work on improving their overall performance in future games.

Senior breaks mark after redshirting cross country season
BY BLAKE HOFMEYER

The men's cross country season didn't go quite as planned for senior Zach Chapman. Freshman Chapman dropped down to third place overall at the meet of the season after redshirting the previous cross country meet. Despite not racing in the first two games of the weekend, the Bulldogs earned their highest ranking of the season.

The men's cross country team started strong at the season opener. Chapman was the first finisher, and he had a negative time on the course. The Bulldogs continued to perform well throughout the season, with Chapman leading the way.

Chapman positioned himself better at the start of the season and was more focused on the race. He started strong early in the race and was not one of the better runners at the finish line. However, Chapman finished the race in a strong position, and he was able to gain points for the Bulldogs. The Bulldogs ended the season with a strong performance, finishing 5th overall in the championship meet.

Chapman averaged 4:26 over the course of the season, which was a personal best. He finished the season with a time of 21st, and he was able to gain points for the Bulldogs. The Bulldogs ended the season with a strong performance, finishing 5th overall in the championship meet. Chapman's 3.5 goals-against average was the best in the nation, and he allowed only one goal on 26 shots.
