Letters to the Editor

Missed coverage of spelling bee

The Truman Forum team (that's speed and depth) hosted a spelling bee two weeks ago. We contacted those interested in participating, and we expected the usual turn out of five people total. Nicky is lucky to have so many people for her team. As this was our first time in the spelling bee, we had many more people participate than expected. The team consisted of 15 people in total. Of those 15, there were 12 members of the spelling bee team, and 3 others who just wanted to come and have fun. We are very proud of our team's performance and would like to thank everyone who came out to support us.

James Pinsky, editor

Debate an unfair competition

As chair of the Truman Forum and Truman Debate, I have been following the debate coverage recently. As you can imagine, the debate of the Truman Forum team against the University of Missouri debate team was very exciting. The two teams debated on the topic of controlled health care, and the Truman team came out on top with a score of 6 to 3. This was a great victory for the Truman team, and I would like to congratulate them on their excellent performance.
