Markeson said there probably were 100 students who brought trays into Ryle. She said that in looking at past issues, the quality of information coming from the magazine was impressive and the idea of information coming from students was an appropriate concept.

The magazine is not available at Ryle Hall or Ryle. Students have to go to the SUB to get it, Markeson said.

The magazine is available at the SUB, in Ryle Hall, and in other locations on campus.
