

Adventures at Horseshoe Canyon

Calli Lowry/Index

Left to right, senior Alex Rhodes, graduate student Mark Woodcock and sophomore Kim Wronkiewicz, members of Truman State's Rock Climbing Club, take a break from their climbing adventure to listen to Woodcock play his banjo. Eight members of the club spent three days at Horseshoe Canyon Ranch in Jasper, Ark. during the past weekend.

Mark your calendar

NEWS IN BRIEF

Local food banks provide assistance

Hamilton Street Baptist Church is one of three local food banks receiving donations from the Food Bank for Central and Northeast Missouri as listed in last week's edition of the Index. The other two organizations are the Christian Community Food Depot at 1123 Osteopathy Street, which is open at 1 p.m. Wednesdays and Fridays by appointment, and the Salvation Army Food Bank at 1004 W. Gardner Street, which is open from 9 a.m. to 12 p.m. every weekday but Thursday.

Open garages burglarized throughout Kirksville

Multiple reports recently have been made to the Kirksville Police Department of residential burglaries of items in open garages. Residents are encouraged to keep their garages closed and lock their vehicles. Be on the lookout for the male subject, described as being in his late 40s, over 6 feet tall and heavy set, and a rusty brown late '90s model Chevy single cab truck with a toolbox and a rack in the bed.

Anyone with information should contact the KPD at (660)665-5621 or (660)627-BUST.

Students attend psychology conference

Truman State psychology students presented projects at the Missouri Undergraduate Psychology Conference Nov. 9 and 10 at Westminster College. Truman seniors Sarah Jo David and Kayla Maassen and sophomore Erin Schroeder were awarded for outstanding presentation of their project, "Workplace Forgiveness."

Other projects presented by Truman students were "Language Deficits Following Traumatic Brain Injury" by Maassen and senior Crystal Stonebarger; "Effects of Word List Content on Source Attributions Using the DSM Paradigm" by senior Kerry Lee and senior Kelsey Spalding and "Student Engagement, Personality, Positive and Negative Affect and Subjective Well-being in College Students" by David and junior David Schultz.

Europe in Transition Program accepting applications

The Europe in Transition Program is accepting applications for the spring 2013 trip. During the program students will study current issues throughout the European Union, the economy, and the political and social climate of the area while taking field trips throughout Europe.

The program lasts from May 16 to June 2 and includes stops in the Czech Republic, Austria, Hungary and Italy. Students must be in good standing to be eligible and will be admitted in the order that applications are received.

Applications are due Jan. 18. For more information, contact Jason Lin at jlin@truman.edu or Keith Harrison at kharriso@truman.edu. Information also can be found online at business.truman.edu/students/Europe7.asp.

ITS Banner training courses available during spring 2013

Information Technology Services will offer Banner training courses every month during spring 2013. A limited number of courses still are open during fall 2012. The three courses offered are Banner Navigation Basics and Review, Running Reports in Banner and Banner Reporting Review for Academic Departments.

Banner Reporting Review for Academic Departments is a new session being offered this spring. This session discusses Banner reports available to various academic departments. Register for the Banner training courses at eventmanager.truman.edu.

University hires firm to help increase enrollment numbers

2003

The University selected Creative Communication of America, a marketing research firm from Albany, N.Y., to gather information to increase Truman State's enrollment numbers. The firm was hired to compile information about the University's position in the college market and how it is perceived by high school students from different areas. The firm also was hired to form focus groups of high school students from the Kansas City and St. Louis areas.

Radiation training program introduced at University

1980

The University's science division implemented a new radiological surveillance program to train students to monitor radioactive particles. The program began because of widespread concern about the effects of radiation on humans and an increased demand for trained individuals to handle radioactive materials.

Adair County has highest number of deer kills, quota system considered

1973

Adair County hunters had the highest number of deer kills throughout the north central region of Missouri during the November hunting season. As a result of this, a quota system to restrict the number of hunters that can hunt throughout an area was considered.
