## DELIVERING RELIABLE ENERGY AND A STRONGER LOCAL ECONOMY

### THE MARK TWAIN TRANSMISSION PROJECT

The 100-mile Mark Twain Transmission Project brings important benefits to our region. It improves the reliability of electricity for families and businesses while delivering environmentally responsible energy.

This project is also creating 200 jobs and providing a significant source of new local tax revenue to our schools, roads, police and fire protection districts.

Learn how investing in our energy infrastructure now will strengthen our region for years to come at [MarkTwainTransmission.com](http://MarkTwainTransmission.com).
