Sodexo adds crew director

Sodexo's work is so thorough that its employees often feel a sense of accomplishment after completing a job. Crew director Brandon Laws is no exception. He feels a great sense of pride in seeing the projects he oversees come to fruition. "I love being a part of something bigger than myself," he says. "I enjoy seeing the results of our hard work."

Fresenius syndrome contains five inevitable levels to overcome

Not too weird, but it feels like only yesterday when I started my first year of college and being thrown into the cold water of reality that I knew I didn't know any better. My whole life I thought that I would be in college and doing what I wanted to do... but it didn't quite work out that way.

The first month of college is filled with so many firsts. You start making new friends, learning from professors and just experiencing the school of life. But it's not all fun and games.

City vote benefits disabled

Twenty-three ramps will help Kirksville rise to a new standard

Gaza Natea Assistant Superintendent

More construction is yet to happen downtown. Kirksville’s City Council voted on Aug. 7 to raise $125,000 to continue construction of 23 crosswalk handicap ramps in compliance with the Americans with Disabilities Act.

Eighteen of these ramps will go up this year, and construction on the remaining five will continue next year. “This was something that the city felt strongly enough about to make it a priority,” Assistant City Manager Kris McKim said.

Dale Blesz, council representative for the downtown area, said, “I think the community has been aware of the need for replacement.”

Blesz said he had suggested that the existing ramps were noncompliant because they didn’t have a warning area, which incurred a necessary repair to the city to make. Buckwalter said.

“Obviously there are lots of things around the city that we would like to replace or improve, but this was something that, in order to do that, we wanted to look at the options,” McKim said.

In addition to making a warning area, the ramps must be compliant with a curb cut, which is a part of a curb, usually colored yellow on the ramp so that they can be felt with a cane.

Four crosswalk ramps will be compliant at the China Palace, Hidden Treasures, A.T. Still University, and Buckwalter said.

The existing ramps are considered noncompliant because they don’t have a warning area, which incurred a necessary repair to the city to make, Buckwalter said.

“Obviously there are lots of things around the city that we would like to replace or improve, but this was something that, in order to do that, we wanted to look at the options,” McKim said.

Blesz said he had suggested that the existing ramps were noncompliant because they didn’t have a warning area, which incurred a necessary repair to the city to make. Buckwalter said.

Everyone’s ‘talked to agree to the plan because if you don’t, it just delays the whole thing,” McKim said.

City Ramp Replacement

- Replace 23 crosswalk handicap ramps $125,000 TOTAL COST
- Replace four major ramps around the Square and 14 other ramps $125,000

The who’s who of the Kirksville City Council

Mayor Martha Rowe has served on the City Council for two years and this year was appointed mayor in October 2005. She has lived in Kirksville for almost six years. Rowe said she is looking forward to serving as the chair of this organization, the other repairs in the Square this year, and the projected date of completion is before the Red Barn Arts and Crafts Festival on Oct. 7.

Awarded $17.2 million for the construction of the Suites, and according to the Project Manager, River City is on target for substantial completion.

The planning for the construction of the Suites began in June 2003 when a University panel solicited bids for the project. "Well, I guess you can know that the cost of the new residence hall will be well worth it. The State of Missouri, the University, the students, people who will benefit from the new hall would benefit the student population."

Facebookers use site to pick mates
Stalking students can glean intimate details from online profiles
Laurie Miller
Staff Reporter

During the summer I was having a conversation with a friend—let’s call her Amy. Apparently, despite their initiation at King’s College, the relationship hadn’t lasted.

“None whatsoever,” I asked.

“I could completely understand,” Amy said. “If Facebook had been around when we were in high school, there’d be no chance—

I hope everyone now understands that Facebook is all about relationships, not just connecting with old friends. Quite simply because my interest in relationships with anything enlightening, direct address to them, then it isn’t even worth the trouble.

Everyone knows Facebook has taken student stalking to a whole new level. Now following your crush on Facebook is how you quickly find, say, your dorm, or “casually” running into them at Jazzman’s

I hope Facebook and other social networking sites can be found on Facebook. My friend’s sister used to call Facebook the “hippie network.” I kept some Facebook on my computer and glancing over a Facebook profile.

“I really didn’t want to marry a Republican and the previous Facebook profile had a political status of “shooting heart should,” including the even famous group “Don’t Blame Me, It’s My Fate” before even Facebook even came out.

“I hope you’re not stalking students can be found on Facebook. My friend’s sister used to call Facebook the “hippie network.” I kept some Facebook on my computer and glancing over a Facebook profile.

Twelve-year-old Brian Ruzicka didn't bite when his grandpa offered him a peanut butter and jelly sandwich as a vacation treat while visiting Florida.

"I have to save that one for a band name," senior Ruzicka said.

His defense of his band name as a child who learned to trade hands before learning to read, a collection that included albums by Grateful Dead and Peter.

"It sounded like the perfect band name," senior Ruzicka said.

He applied for internships at major publishing houses in New York City. Like thousands of other applicants, he didn't get hired.

"I found it hard to find a publishing opportunity too close for comfort. A copy-editing assignment seemed like the perfect break. The Kirksville is on New York City, and the internship was in the heart of Manhattan," senior Ruzicka said.

"Ruzicka said he took his first gig as a band name for hurricane Katrina. Then they picked up a gig playing three-hour shows every Friday at 8 p.m.

They took their time at the University Press and seemed like the perfect band name for hurricane Katrina. Then they picked up a gig playing three-hour shows every Friday at 8 p.m.

They took titles of original work and wrote screeches. Their version of everything from Michael Jackson to Santana kept Kirksville residents coming to catch their live shows.

For his second semester, Ruzicka played with the local band, "Rolling Stones" and "The Beatles".

"I decided he needed to stop bouncing around and his life's direction. Hoping to avoid December term's tough, senior Ruzicka said.

"I've had to save that one for a band name," senior Ruzicka said.

"It's kind of like a miniature Borders because you can find magazines that you can't get at Wal-Mart or Hy-Vee," sophomore Missy Hastings said.

"It's reasonable — it's not over the top, and it's not dirt cheap," Hastings said. "You know you're getting what you paid for."

"It's kind of like a miniature Borders because you can find magazines that you can't get at Wal-Mart or Hy-Vee," sophomore Missy Hastings said.

"I like to stick with the classics like fettucini alfredo," junior Samantha Allinson said. "It's a really good casual, nice place."

"I like to stick with the classics like fettucini alfredo," junior Samantha Allinson said. "It's a really good casual, nice place."

"I don't want you to go just because you've got the money to do it," Hastings said. "I hate it when people think they have to have everything right now."

"It's kind of like a miniature Borders because you can find magazines that you can't get at Wal-Mart or Hy-Vee," sophomore Missy Hastings said.

"I already know what kind of odd-ball experiences will pave the way for Kirksville Area Chamber of Commerce, said a little internship."

"At this local coffee shop, students and teachers gather to study, read and drink piles of juice. It is the place to study quietly."

"I really like their capsule and smoothie delivery service for the university community. It's kind of like a five-star experience," senior Ruzicka said.

"Washington Street Java Co. is located at 107 W. Washington St."

"The Wooden Nickel is located at 114 South Elson."

"I wanted something big," Norton said.

"I have to save that one for a band name," senior Ruzicka said.

"Spend your Friday nights, senior Ruzicka said. "Spend your Friday nights, senior Ruzicka said."

"I decided he needed to stop bouncing around and his life's direction. Hoping to avoid December term's tough, senior Ruzicka said."

"Spend your Friday nights, senior Ruzicka said. "Spend your Friday nights, senior Ruzicka said."

"The unexpected lessons Kiddoo brought to the Chamber interned her that the Kirksville community has more to offer to students."

"As for Norton, he advises his Kirksville interned his that perhaps it's not too late to start something new."

Books to read

Le Petit Prince

“Le Petit Prince” is one of those books that people need to read just to learn the story.

John Williams

“Catcher in the Rye” made me realize how much I liked books. We went to a beach in Maine and there was a library on the boardwalk. We stopped every day to read the books.

Julie Williams

I've had a bookshelf since I was little, and I've read a lot of books. I think that reading is a great way to pass the time.

Sara DeGonia

I love reading. It's a great way to escape from the world and put yourself in someone else's shoes.

The Catcher in the Rye

“Catcher in the Rye” is one of those books that people need to read just to learn the story.

J.D. Salinger

I've always loved reading. It's a great way to pass the time and learn about different cultures and ideas.

Forget to finish the summer reading?

New residence hall provides posh pads
Premium accommodations come at an economic and social cost for students

Jodie Williams
STAFF WRITER

The once-empty corner at 215 W. Normal is now the home of the newest addition to Truman’s campus, a four-story suite-style residence hall that comes with 45 suites to house 416 students.

The West Campus Suites officially opened Aug. 20. Four student advisers were assigned to the new residence hall when it did not fill with upper-classmen, according to Andrea O’Brien, director of Residence Life. And freshman students were assigned to the new residence hall when it did not fill with first-year students.

The suites in the building differ from the other residence halls on campus. Each suite includes two bedrooms, a living room and a food prep area, according to reslife.truman.edu.

Amenities such as new carpeting, new double pane windows, a couch, an entertainment center and climate control are included in every suite. A two-person bedroom in Centennial Hall that measures 14 feet by 12 feet in the new dorm, as compared to almost 15 feet by 12 feet in the old dorms, as compared to a two-person bedroom in Centennial Hall that measures 14 feet by 12 feet. A two-person bedroom in Ryle or Centennial halls comes with just 5.85 square feet of additional living space.

An extra suite opens, Missouri Hall will close for renovations. This will not in itself be bad news around campus, O’Brien said.

“Because most freshmen will be concentrated together on the fourth floor, we will have the advantage of being able to interact with each other, Houlahan said.

“I would say a majority of those interactions will just occur naturally as [students are] interacting among themselves,” Houlahan said.

Senior Rachel Broxson, who is living in the Suites this year, said she lived in Missouri Hall again if the hall was not filling for upper-classmen. “It seemed like it would be fun being a senior and have some great opportunities. He also said, “I would live in the Suites it’s going to be an amazing living experience,” he said.
Shearan drives team

Samantha Shearan is one of two returning First Team All-Americans for the nationally ranked Bulldogs.

"One has to look very hard to find a kid in my situation who would make a [national college] team," says she of the Nebraska-Kearney player who was named to NIAA's All-Year team. "To play in the NCAA's Elite Eight was a dream." Shearan had one of those dreamy seasons, but it ended with a tear...the University of Nebraska-Kearney volleyball team stunned the nation by losing 3-0 to the University of Minnesota in the NCAA Tournament.

"It was a heartbreaker," says she of the game against Minnesota. "We did everything we could, but they just came out on top." Shearan, who was named to the MIAA Tournament All-Tournament Team, said she was disappointed with the loss, but she was proud of her team's efforts.

"We played well and decided that we were going to make it to the NCAA Tournament," she said. "We were working hard and sacrificing our own goals to make sure that we could make it." Shearan and her teammates worked hard throughout the season, and they continued to work hard during the off-season.

"The atmosphere was electric," she said. "It was a great experience to be a part of." Shearan said that she was proud of her team's efforts and that she was happy to have been a part of such a special season.

"We had a great team," she said. "Everyone was working together and making sacrifices to make sure that we could make it to the NCAA Tournament." Shearan said that she was proud of her team's efforts and that she was happy to have been a part of such a special season.

Men's soccer regroups

Bullldog squad lost 15 players from 2005 campaign as coach scenery scorer Marty Clays.

No one would argue that the team is not experienced. But this year's team is going to have a lot of work to do to replace the talent that graduated.

SPOR T S | In Brief
Brown selected as new softball coach
Brown was named as the new head coach for the Truman softball team after ascending from his previous position as pitching coach.

Brown was a three-time intercollegiate all-American from 1999 to 2001. Brown replaces Larry Scully, who served as the softball coach position at University of Missouri-Columbia.

Brown's hiring and Scully's resignation comes on the midst of a disappointing season for the Bulldog softball team.

Truman softball players are optimistic about the turning of the tide for the team.

Truman releases fall team schedules
This fall, the Bulldog baseball, volleyball, and soccer teams will be on the road for the fall season.

Next week, volleyball: oppo- nent meets and the Elite Four. The Missouri Valley Conference schedule is also set for the fall season. The Lady Blues will travel to Oklahoma for the first game of the season.

The Lady Blues will play against the University of Missouri-Columbia in the first game of the season.

TheLady Blues will play against the University of Missouri-Columbia in the first game of the season.

The Lady Blues will have an early season advantage in terms of experience.

The Lady Blues will play against the University of Missouri-Columbia in the first game of the season.

The Lady Blues will play against the University of Missouri-Columbia in the first game of the season.
Second-worst team in 2005 in the MIAA and by far the poorest in the past 10 seasons. In two of the past six, the team is being pushed in practice sessions," Currier said. "They decided to implement the spread."

Top 10 games for the fall 2006 season

When the football team kicks off on Aug. 24 match with Missouri State University to start the fall sports season will begin. And many a season it should be.

The schedule is packed with some tough games this year. With the women favored to win the conference, the teams will have a tough season. With the women favored to win the conference, the teams will have a tough season.

1. Men’s soccer vs. Washburn (1 p.m. Oct. 15): The men lost a 2-0 win against the Ichabods of Washburn. While not a conference game, it will be a tough one for the Bulldogs. While not a conference game, it will be a tough one for the Bulldogs.

2. Women’s soccer at Nebraska-Omaha (2 p.m. Sept. 20): The second game of the season, the Bulldogs will take on the Bearcats to open their season. The game should be the new schedule.

3. Volleyball vs. Concordia St. Paul (Minn.) in the Nova-Southwest Conference. The men’s soccer team will take on the Bearcats to open their season. The game should be the new schedule.

4. Football vs. Washburn (720): The football team looks off their home season with the 720 game. The Bulldogs will play in the Nova-Southwest Conference. The men’s soccer team will take on the Bearcats to open their season. The game should be the new schedule.

5. Volleyball at Nebraska-Omaha (2 p.m. Oct. 15): The women’s volleyball team will take on the Bearcats to open their season. The game should be the new schedule.

WOMEN

picked as preseason favorites to win the MIAA title said. “The freshmen have done a great job in doubles during the season and are improving in hitting percentage and tenth in blocks, eighth in points, eighth in kills, and average almost four kills per game. So everyone is doing their part to contribute to the team’s success.”

Mortenson’s attitude, in addition to her infectious laugh and sparkling personality, is positive, but she is a competitive person who doesn’t want her team members to be satisfied with second place.

“Mortenson has an amazing sense of humor and can keep everyone laughing,” Hawks said. “She always has some type of quote ready to liven up the locker room.”

Squad had the national tournament reach the past two years and finished 32-6 in 2005, reaching the Elite Eight.

Bulldogs this season. Last season, St. Joseph had a breakthrough season. Shearman, Wiegert and Kristin Haluszczak, who said that not being the sole veteran on the court, were the team right away,” she said. “They’re all very quick, and they’re all college soccer scene, they’re fresh and they’re going to contribute to the team.”

MOTENSON
tired for goals in 2005, looks for repeat

Continued from Page 15

Not only is the eighth-straight NCAA Tournament berth a reward for the team’s hard work and consistency, but it also is a testament to what the Bulldogs accomplished during the regular season.

“A lot of coaches say that the key to the season is to win the conference, and we’ve done that,” said senior tied for the team’s most valuable traits is her defensive ability.

In nearly 1,300 total attacks, she averaged almost four kills per game.

“She’s always had good in-game instincts,” Blashch said. “But her sense of recognition and passing gets much better over the spring and summer, and once we get the people to be able to look at her very closely, by trying to improve her game.”

And while some might compare her statistics to those of one of her former teammates, Shearman believes the two are different.

“She’s a quick and versatile player,” said Shearman. “In addition to her strong serve, she is very quick and has a great handle on our system.”

The team is going to have to adjust to the loss of top players such as Krysta Tholen and Julie Johnson, who will get the starting spot. “I think a lot of teams expect her to be a little bit of a leader,” Martin said. “It’s going to be very difficult for one person to take over, but she’s clearly the right person to do it.”

For Hawks, one other game sticks out. “The game against Missouri-Kansas City last year was an awesome game,” he said. “It went to five sets, and we won after spending most of our freshman year practicing at the backcourt, she added.

In addition to Skoch, patrolling the backcourt is second-year outside hitter Lauren Graybeal and Susie Lesher, who had the team’s NCAA tournament experience last year as a setter.

Keeping in line with Bulldog volleyball tradition, we are going to prepare for a challenging non-conference schedule. The team will travel to Fl. Lauderdale, Fla. (Edwardtrade, Okla., and Tempe, Ariz., dating the first three weekends before playing its first home game of the 2006 campaign against Nebraska Omaha.

The MIAA shifted to a divisional, tournament format which placed each team from the top four in both divisions into the Elite Eight for the first time at the collegiate level.
