LABOR party rebels denounce Blair.

As European Union leaders held their summit in Brussels last Monday to discuss the war in Iraq, Brit-

ish Prime Minister Tony Blair has been the target of a new challenge from within his own party.

The collapse of the standing order of the House of Commons binding Brit-

ish MPs to vote against the war in Iraq, with the result that Blair's government now has a majority of 162 over the opposition, has thrust the prime minister into the glare of public scrutiny.

Blair's government has been facing a growing backlash from within his own party since the war began.
