History lurks in dark shadows of Kirk Memorial basement

Museum lacks funds to maintain regular hours

Elaine Doak

Elaine Doak stated collections librarian, said it is not known for sure if the lamp in the Violette Museum is true human skin because most of the human skin lamps from the Holocaust had tattoos on them, and the one in the museum does not.

An example of how human skin lamps were made is available on The Nizkor Project Web site. Some concentration camps were made is available on The Nizkor Project Web site.
