**Got Wood?**

While the MIAA has not decided to switch from aluminum to wooden bats for baseball, one other Division II conference has decided to switch, citing safety and competitive balance concerns.

**Sweetnam: NCAA should ban aluminum bats**

Assistant Sports Editor

Although the switch potentially could provide more financially sound competition for those same-day true believers in the professional level, there is little possibility that the MIAA as well as many other conferences will follow the Great Lakes Valley Conference's lead.
