Student device tests theory

BY KATHLEEN BARBOSA

Dentistry major Brooke Thedford, Delta Sigma Theta, who hosted a Halloween Breast Cancer Walk. In addition to being a welcoming event for the Y -ME National Breast Cancer Walk, the event also allows the society to make a statement to the community about the poor living conditions of animals that might affect the results. Jennings said. "We certainly don't mean the animals as part of an experiment, just to bring more attention to the fact that it wasn't a regular walk," Thedford said. "In addition to the walk, candy, costumes and a costume contest and an "ooh-la-la relay race," in which children had to form a group on a spandex suit that they built and then submit to an observation, Jennings said. "We know a lot of people are getting scared and going to class and seeing all the costumes and stuff so we're trying to put you back to the basics."
